Fitzroy Island is an idyllic 339 hectare island, with extensive rainforests and a beautiful fringing coral reef. It is only a relaxing 45 minute ride in our 190 seat airconditioned Fitzroy Flyer from our Marlin Wharf berth (Cairns) to the sheltered waters of Welcome Bay on Fitzroy Island.

WALKING AND EXPLORING

Explore the bush walking tracks throughout the island, including the 2.5 km Lighthouse and Summit trek, with views all the way to the Great Barrier Reef. Walk through the rainforest to magic spots like Secret Garden and Nudey Beach, one of Far North Queensland's most iconic beaches.

Discover Fitzroy Island's peaks, valleys, rainforests, coral beaches, crystal clear springs, birds, and wildlife, and make sure you don't miss our sunrise and sunset views across to the untouched coastline.
